

Chronology

1986 The late chairman was taught the structure of a Ki machine in his dream, and developed the High Genki.

Dec.23,1988 He was told to emit Ki and treat people by an old oracle in his dream, and suddenly Ki started coming out from his hands.

March 17,1990 Rented a yoga training center in Isu-Shimoda and held the first Medical Qigong Therapist Training Seminar with a view to produce more and more people who can emit Ki in a week.

April,1991 Many certificates of appreciation were offered to the late chairman for providing Shinkiko treatment for patients with radiation damage resulting from the nuclear meltdown at Chernobyl.

May, 1992 The current chairman participated in the Medical Qigong Therapist Training Seminar.

May, 1994 The seminar shifted its location to Ikoma City, Nara prefecture, and opened the new seminar, Shinkiko Retreat Seminar.

Aug.,1994 The late chairman visited Arizona State with Dr. Ryoichi Obitsu, a doctor of medical science, and treated the Hopi people who were exposed to radiation due to an uranium mining.

March,1995 The late chairman gained awakenings through his own disease, and the level of Shinkiko improved from "treating disease" to "awakening to things."

Dec.11,1995 The late chairman passed away; and his eldest son, Wataru, took over everything together with his name.

Dec.,2006 Closed Shinkiko Retreat Center in Ikoma City.
